From: Isaiah McLeroy and family

THANKS! THANKS!

THANKS!

You guys don't know what this vacation meant to us. We have been dealing with this cancer for a year and a half now. And we are a young family. My husband is 35 who has the cancer, I'm 38, I'm the wife and the kids are 4, 11, 17. We are all changing, pampering, bathing, dad, helping him in and out of the wheelchair, bringing him food when he can eat, giving him medicine. Needless to say it's a lot. So when you sent us to Las Vegas even for a few days it was a relief. It was something normal for a change. Words can't express our gratitude but I tried.

Thanks,  
The McLeroy Family
