Dear Jack and Jill Foundation,

Thank you for letting us go on
this great trip to U.S. Seppa. It was
great fun. The limo was fancy. The food
was good and the fishing was great.
The island had a great tropical climate.

My favorite part was driving the golf cart.
I will always remember this ~~great~~ fantastic
trip with my family.

Yours Truly,
Connor Noble

Dear, Jack and Jill,

I very much appreciated our journey to Uscippa. There were several things I enjoyed, but I really liked the massive chess and the driving of the golf cart. I enjoyed the plane ride and limo ride to the island. The limo was awesome with the lights on the roof and the soft drinks in the cooler. The plane ride was so fun, as well. I haven't been able to ride in one since I was 5 years of age, but I do remember this show that stated, "if people were meant to fly, then our bones would be as hollow as our skulls!" I really appreciated the much, much needed time with my dad. Thank you for this wonderful time with my family.

Sincerely,

Cameron Noble
