## INDEPENDENT AUDITORS' REPORT

Board of Directors  
The Jack and Jill Late Stage Cancer Foundation, Inc.  
Atlanta, Georgia

We have audited the accompanying financial statements of The Jack and Jill Late Stage Cancer Foundation, Inc. ("the Organization") which comprise the statements of financial position as of September 30, 2020 and 2019, the related statements of activities, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

The Organization's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Jack and Jill Late Stage Cancer Foundation, Inc. as of September 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS

THE JACK AND JILL LATE STAGE CANCER FOUNDATION, INC.

September 30, 2020

### NOTE A--DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Jack and Jill Late Stage Cancer Foundation, Inc. (“the Organization”) is a not-for-profit organization whose purpose is to provide families with a WOW! Experience® giving children, who will lose their Mom or Dad to cancer, a timeout to create indispensable memories together while they can.

The following accounting policies are presented to assist the reader in understanding the Organization’s financial statements:

Accounting Standards: The Organization follows the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification as its sole source of authoritative guidance.

Financial Statement Presentation: The Association reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Contributions: Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Contributions are recorded as unrestricted or restricted support, depending on the existence and/or nature of any donor restrictions. Donor-restricted support is reported as an increase in donor restricted net assets. When a restriction expires, donor restricted net assets are reclassified to net assets without donor restrictions.

Donated Services and Materials: The Organization recognizes revenues from the receipt of donated services and materials at the fair value of those services and materials. During the years ended September 30, 2020 and 2019, the Organization recognized revenues from the receipt of donated services and materials of \$286,312 and \$665,753, respectively. Donated amounts included airfare, hotel accommodations, event and theme park tickets, and meals. Such materials and services are contributed mostly by travel and hospitality industry companies. A total of \$281,037 and \$665,249 of donated services and materials was utilized for the Organization’s programs during the years ended September 30, 2020 and 2019, respectively.

Recognition of Promises to Give: Unconditional promises to give are recorded as receivables and revenues in the year in which the promises are received. Promises to give that are expected to be collected within one year are recorded at their net realizable value. The portion of promises to give that are expected to be collected during years exceeding one year are recorded at the present value of their estimated future cash flows, and are discounted using risk-inclusive interest rates applicable to the years in which the promises are received. The differences between the gross

NOTES TO FINANCIAL STATEMENTS--Continued

THE JACK AND JILL LATE STAGE CANCER FOUNDATION, INC.

NOTE A--DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

amount of estimated future receipts and the present value of those future receipts are recorded as discounts in the years in which the promises are received. Amortization of the discounts is recognized over the time period between recognition of the initial promises and the dates on which the cash is received, and is included in contributions. Conditional promises to give are recognized when the conditions on which they are dependent are substantially met.

During the years ended September 30, 2020 and 2019, the Organization recognized contribution revenue of \$66,225 and \$72,220, respectively, from members of the Organization's board of directors. At September 30, 2020 and 2019, the Organization had pledges receivable from members of the Organization's board of directors of \$67,500 and \$45,000, respectively.

An allowance for estimated uncollectible pledges is recorded during years after the year of the initial pledge, based on management's evaluation of uncollected pledges. Uncollectible pledges are written off against the allowance when they are determined to be uncollectible. During the years ended September 30, 2020 and 2019, the Organization recognized \$39,000 and \$-0- in bad debt expense, respectively.

Functional Allocation of Expenses: The costs of providing the Organization's programs and other activities have been summarized on a functional basis in the Statements of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and related expenses, professional fees, and other, which are allocated on the basis of estimates of time and effort, and depreciation and amortization, which is allocated on the basis of usage of the underlying assets. The total amounts allocated during the years ended September 30, 2020 and 2019 were \$481,412 and \$474,944, respectively.

Income Taxes: The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Cash and Cash Equivalents: For purposes of reporting cash flows, the Organization considers demand deposits and all unrestricted, highly liquid investments purchased with an original maturity of three months or less which can be readily converted to cash on demand, without penalty, to be cash equivalents. At times, bank balances may exceed federally insured limits.

Equipment: Equipment is stated at cost. Depreciation is computed using the straight-line method over the assets' estimated useful lives of three years.

NOTES TO FINANCIAL STATEMENTS--Continued

THE JACK AND JILL LATE STAGE CANCER FOUNDATION, INC.

NOTE A--DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Software and Website Development Costs: Software and website development costs are stated at cost. Amortization is computed using the straight-line method over the asset's estimated useful lives of three years for website development costs and mostly five years for software and begins when the assets are placed in service.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently Adopted Accounting Pronouncement: In June 2018, the FASB issued Accounting Standards Update No. 2018-08 ("ASU 2018-08"), "Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made", which provides not-for-profit organizations with assistance in evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, "Not-for-Profit Entities", or as exchange (reciprocal) transactions, and also provides guidance for determining whether a contribution is conditional. ASU 2018-08 is effective for contributions received in annual periods beginning after December 15, 2018, and for contributions made in annual periods beginning after December 15, 2019. Early adoption of the amendments is permitted. The amendments in ASU 2018-08 were adopted during the year ended September 30, 2020 as management believes the standard improves the usefulness and understandability of the Organization's financial reporting, and they were applied on a modified prospective basis to transactions that had not been completed as of October 1, 2019. The adoption of the new guidance had no impact on the Organization's financial statements, and no adjustment was made to opening net assets.

Subsequent Events: Subsequent events have been evaluated through November 18, 2020, which is the date the financial statements were available to be issued.

NOTE B--DONOR RESTRICTED NET ASSETS

At September 30, 2020 and 2019, net assets of \$219,098 and \$326,598, respectively, were restricted for a purpose for the WOW! Experience® and time restrictions, based on when the contributions were supposed to be provided by the donor.

NOTES TO FINANCIAL STATEMENTS--Continued

THE JACK AND JILL LATE STAGE CANCER FOUNDATION, INC.

NOTE B--DONOR RESTRICTED NET ASSETS--Continued

During the years ended September 30, 2020 and 2019, net assets of \$160,000 and \$268,479, respectively, were released from restrictions by incurring expenses to satisfy the restricted purposes for the WOW! Experience®. In addition, during the year ended September 30, 2020, net assets of \$75,000 were released from restriction by incurring payroll expenses to satisfy the conditions of the Paycheck Protection Program of the Coronavirus Aid, Relief, and Economic Security Act of the U.S. government, more fully described in Note F.

NOTE C--PLEDGES RECEIVABLE

Pledges receivable consist of WOW! Society pledges towards the WOW! Experience® program. Pledges expected to be collected within one year are recorded at their net realizable value. Pledges that are expected to be collected in future years are recorded at the present value of expected future cash flows, using a discount rate of 5.00%.

Pledges receivable consisted of the following at September 30:

	<u>2020</u>	<u>2019</u>
Pledges receivable	\$ 235,500	\$ 340,000
Less allowance for uncollectible pledges receivable	(9,000)	-0-
Less unamortized discount	<u>(7,402)</u>	<u>(13,402)</u>
	<u>\$ 219,098</u>	<u>\$ 326,598</u>

These pledges are scheduled to be collected as follows:

Year Ending September 30:	
2021	\$ 139,000
2022-2023	<u>96,500</u>
	<u>\$ 235,500</u>

NOTE D--EMPLOYEE BENEFIT PLAN

The Organization has a SIMPLE IRA plan that allows employees to contribute to traditional IRAs set up for employees. This Plan covers substantially all employees and allows participants to defer a portion of their annual compensation on a pre-tax basis. The Organization matches up to 3% of employee annual compensation. The Organization's matching contribution to the Plan totaled \$10,593 and \$9,949 for the years ended September 30, 2020 and 2019, respectively.

NOTES TO FINANCIAL STATEMENTS--Continued

THE JACK AND JILL LATE STAGE CANCER FOUNDATION, INC.

NOTE E--LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of September 30, comprise the following:

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 906,768	\$ 794,294

NOTE F--RISKS AND UNCERTAINTY

Beginning in March 2020, the global pandemic due to the coronavirus (COVID-19) and the resulting containment measures have had a negative impact on the economy in the United States of America and worldwide. While it is possible the Organization's financial position, results of operations and cash flows in the future could be impacted, at this time, management is unable to quantify or predict the potential effects of this pandemic on the Organization's future financial performance, including donor contributions.

In April 2020, the Organization obtained a loan in the amount of \$75,000 from a bank which is 100% guaranteed by the United States Small Business Administration under the Paycheck Protection Program of the Coronavirus Aid, Relief, and Economic Security Act of the U.S. government. The loan bears interest at 1% and is unsecured. Based on the Organization's payroll costs, subject to certain limits as defined, and certain other covered expenses paid within a 24 week period starting from the date the loan was funded, a portion or all of the principal amount and accrued interest may be forgiven. While there are uncertainties that may result in all or a portion of the loan requiring repayment, the Organization believes that it met the conditions for forgiveness of the full amount of the principal and accrued interest. Accordingly, the Organization recognized \$75,000 in revenues and support during the year ended September 30, 2020.
